## 1. Change Control

Date	Version	Details
15-Nov-11	1.0	First formal issue of this document
15-Sep-14	1.1	Added new summits for all regions
01-Oct-17	1.2	Deactivation of duplicate summits on OM/SP border

## 2. Association Reference Data

<b>Association</b>	<b>SLOVAKIA (OM)</b>
Commencement date	<b>01 DEC 2011</b>
DXCC entities	OM - Slovak republic
Regions	BA-xxx Bratislavský
	TT-xxx Trnavský
	NR-xxx Nitriansky
	TN-xxx Trenčiansky
	BB-xxx Banskobystrický
	ZA-xxx Žilinský
	PO-xxx Prešovský
	KE-xxx Košický
Association parameters <sup>1</sup>	
Summit operation criteria	Operation must be within a 25m vertical distance from the summit
Band 1, score: 1 point	to 700m ASL
Band 2, score: 2 points	from 700 m – to 899 m ASL
Band 3, score: 4 points	from 900 m - to 1299 m ASL
Band 4, score: 6 points	from 1300 m – to 1599 m ASL
Band 5, score: 8 points	from 1600 m – to 1799 m ASL
Band 6, score: 10 points	from 1800 m ASL
Seasonal bonus	Yes
Bonus rationale	Winter period with highest probability of snow and difficult climatic conditions
Min. height for bonus	700 m ASL
Bonus period dates	1 December to 15 March inclusive (adding +3 bonus points)
Association sponsored awards	Yes
Association Manager	Juraj Veselský, OM1DI e-mail: sotaom@gmail.com

<sup>1</sup> See General Rules for parameter definition

## 2.1 Regions

For administrative purposes and by taking into consideration specific geopolitical parameters, the country is divided into 8 regions:

1. BA-xxx Bratislavský
2. TT-xxx Trnavský
3. TN-xxx Trenčiansky
4. NR-xxx Nitriansky
5. ZA-xxx Žilinský
6. BB-xxx Banskobystrický
7. PO-xxx Prešovský
8. KE-xxx Košický

All regions have the same points rationing scheme. To qualify for a summit it has to meet the following requirements:

- The summit must be listed in the hiking map 1:50 000 with a corresponding name or spot height
- The summit must be elevated at least 150 m from its surroundings
- In the case of doubt the Management Team will decide whether the Summit will be added to the list

The summit database does not claim to be completed and can only be changed by the acceptance of the management team. Summits cannot be counted for points until a reference number has been allocated by the association manager and a valid from date assigned by the Management Team.

## 2.2 Maps

The coordinates and elevations in the following list correspond with the maps <http://mapy.hiking.sk> scale 1:50 000. All maps are available on paper or digital format. For convenience all the coordinates are referenced in WGS84.

## 2.3 Access to summit

Some of the peaks are included in the Nature Conservation and Landscape Protection of Slovakia. In this area they can validly restrict the walk to the summit. For details see on their website

<http://www.minzp.sk/dokumenty/legislativa/zakony-pravne-predpisy/Slovakia/ochrana-prirody-krajiny/>

Some of the peaks in Slovakia are occupied by military training areas or communications bases. Don't enter these areas. Prior to the activation of a new summit the activators have to gather sufficient information concerning the bases. If you want to activate peaks in this area you must contact the management of five military regions, and ask them for permission. See the website of the Ministry of Defence.

## 2.4 Award program

Award program introduction is in progress.

## 2.5 Safety & Disclaimer

Hiking, mountain and rock climbing are potentially dangerous activities. The SOTA management team and their associates assume no responsibility for accidents. Every SOTA participant does so at his own risk and responsibility. Every SOTA participant must decide for himself, if he has the necessary ability to reach his destination. He must check the difficulty level of the tour before starting out. The listing of a summit in the reference does not mean that it is easy to reach.

For your safety and that of other members of your party, please observe the following simple rules:

- Never hike alone.
- Always inform someone who is not hiking with you where you are going, what route you are using, what time you expect to return and whom they should contact if you do not return.
- Obtain a detailed route map or description before attempting a new route. If possible consult an experienced local climber about your proposed route.
- Always carry overnight and cold-weather gear no matter how warm and sunny it is when you start out.
- Ensure that you have a suitably equipped first-aid kit and sufficient knowledge to use it.
- Always carry a mobile phone if you are in an area that has coverage. Find out the telephone number of the local mountain rescue service, if there is one; otherwise report any **emergency phone 112**.
- Do not descend by a different route from the route used during your ascent unless you are absolutely certain that the route to be used for the descent is passable.
- Ensure that you are medically fit for your intended outing. If in doubt, consult your physician.
- Wear suitable clothing including appropriate climbing shoes or hiking boots. Ensure that you have sufficient drinking water and protection from the sun.
- Always carry a map, compass – and know how to use them. A GPS and spare batteries is a useful accessory.
